

Kentucky OVR has entered an Order of Selection, what does this mean for me?

- If you are already a consumer of OVR services and have a signed IPE (Individualized Plan for Employment) nothing changes, and you will continue to receive services.
- If you are not sure if you have a signed IPE, please contact your OVR Counselor and ask.
- If you are a consumer of OVR services and do not yet have a signed IPE, you will be put on a waiting list.
- If you have not yet applied to OVR but want help finding a job, you can still apply for services. They will determine eligibility and assign you to a priority category.
- You will be put on a waiting list, according to your Priority Category and the date you were determined eligible for OVR services.
- OVR states they will serve people off the waiting list, starting with Category 1 and according to the date of eligibility, as funds allow.
- If you are put on an OVR waiting list, what are the options?
 - The OVR Counselor will share a list of resources that could be helpful to you in finding supports. OVR is not the only way to get help with employment.
 - If you have a Medicaid waiver, those funds can be used to pay for supported employment services. Contact your provider or DDID.SupportedEmployment@ky.gov for questions about this process.
 - If you have money in an ABLE account or availability to private pay, you can ask the employment provider agency about using those funds to pay for supported employment services.

Find more information visit [OVR's Order of Selection webpage](#), including the [Letter of Implementation](#) and [Understanding Order of Selection](#). This page also includes links to information from previously held Public Hearings and the responses to all comments/questions posed at the public hearings.

This guidance was created as of May 14, 2025. Please watch the OVR Order of Selection webpage for updates.
